PRELIMINARY AMENDMENT

Assistant Commissioner for Patents
Washington, DC 20231

March 19, 2003

Sir:

The following preliminary amendments and remarks are respectfully
submitted in connection with the above-identified application.

In the Specification:

Please amend the specification as follows:

On page 6, please amend lines 3-6 as follows:

--The upper plate 6 includes of an upper glass substrate 30, color filters (not shown), a black matrix 28, and a common transparent electrode 26. As shown, the color filters and the black matrix 28 are formed on the upper glass substrate 30, and the common transparent electrode 26 is formed thereon.--
